

We were delighted to host 43 of our portfolio CEOs and Chairs from across both our Private Equity and Infrastructure businesses in Berlin in October.

Given COVID, it has been three years since we all met in person and so it was a great opportunity for people to re-connect as well as build new relationships.

Geo-political trends

The focus of the Forum was building agility and resilience in turbulent times and it was great to share ideas and best practice across this topic:

Key speaker: William Klein | FGS Global

Bill spoke about the key themes driving our geo-political landscape and how these shape the corporate agenda.

Panel discussion

Our panel shared their views and experiences on:

- the challenges of Covid
- their approach to current inflation rises
- supply chain and availability of raw materials
- impact of these issues for their employees

3i CEO & Chair Forum 2022

ESG in action

As a responsible investor, sustainability is at the heart of what we do. We shared 3i's approach and heard from five of our portfolio companies who are driving sustainability in practice, particularly as a value driver.

CEO spotlight: Hajir Hajji | Action

Hajir discussed her career highlights together with the Action story. She joined Action for a Saturday job aged 17 and is now CEO of Europe's fastest growing retailer.

Present of Work: Victoria Robertson | PwC

Businesses face challenges around the employee agenda from the Great Resignation to hybrid working to employee activism. Victoria discussed what companies are experiencing around these trends and resulting actions being taken.
